REACH

Dear Sirs,

On June 1st 2007 regulation (EG) No. 1907/2006 for the registration, evaluation, approval and restriction of chemical substances ("REACH") came into effect.

With regard to the connectors bought from us by you we can state the following:

You only buy non-chemical products (finished goods) from us. These products do not release any kind of substance if used under reasonable and predictable conditions. Therefore the Binder connectors aren't subject to any kind of registration, evaluation, approval and restriction as requested by "REACH".

Best regards

**Franz Binder GmbH + Co.
Elektrische Bauelemente KG**
